

# ADVISER WEBSITES

There are so many useful websites available sometimes it's hard to know where to start. Here we have provided you with a few key adviser websites designed specifically for advisers to help support your work with learners who are thinking about progression to higher education (HE). Please note this is not an exhaustive list but should act as a good starting point.

## **UCAS Adviser site**

UCAS have a specific adviser site designed to support you in every stage of the application process.

## **Gov.uk**

Detailed adviser information on HE including material on different higher level qualifications, mature learners, and applying to full and part time courses.

## **Student Finance England Practitioner Support**

This site, designed specifically for practitioners, provides guidance on the financial support available for students entering HE.

## **Apprenticeship resources for teachers and advisers**

Resources to help teachers and careers advisers offering information, advice and guidance to young people about apprenticeships.

## **Which? University – teacher resources**

Includes useful resources for all stages of the HE application process including, support with UCAS reference writing, explaining student finance and developing your skills as an adviser.

## **Target courses – Resource Zone**

Here you will find career guides focusing on professional careers, developing employability and next step options for those wanting to progress to HE. These guides are suitable for advisers and students.

## **All about Careers – what can you do with a degree? Tool**

This is a simple tool, where you select a degree subject and see which career choices are the most relevant to the qualification including information on sectors, skills and occupations.
